- 3) Read 'Details and Rules' and press 'Agree' (**red circle**).

Details and Rules:

Details:

Considering the spread of COVID-2019, for the safety of the students, 2021 AIMO Final is changed to be online contest.

Rules:

I)	Contestants must join the contest based on the studying grade in school, otherwise will be disqualified.
II)	The contest is conducted via online platform. Contestants must finish answering the papers within the specified time. No time bonus is set. Please log in and do the papers at the right time. Time limit: 120 minutes The papers are in Traditional Chinese and English. There are 30 open-ended questions in total. For each question, input the correct answer only. Inputting calculation steps is not required. 12 questions in section A, 3 marks each. 10 questions in section B, 5 marks each. 8 questions in section C, 8 marks each. Total 150 marks.
III)	Contestants should prepare own networking devices (e.g. personal computer) and stationery (e.g. rough work sheets and pens), no tools will be provided.
IV)	Students should check if the studying grade is correct or not first after receiving the admission information.
V)	Contestants should finish the questions on their owns. Do not talk to others during the contest.
VI)	All communication tools must be switched off during the contest.
VII)	Using calculation tool is not allowed during the contest.
VIII)	The right of final decision of all arguments are held by AIMO Union.

- 4) Check if the information of contestant is correct or not
*You are strongly recommended to do the ‘DEMO TEST’ (red circle) before the start of the competition, to ensure that this webpage functions properly.
